4.1	The meeting was convened to allow for Members to debate the detail of the draft NP public consultation document as drafted by WA. WA said the draft consultation document has been designed to be totally neutral and not biased to any particular course of action. RW said it would be simpler if the public were given the opportunity to have a vote on the existing plan, as was withdrawn from WLDC by this council. A member of the public said; writing a new NP is a waste of money. CD said the existing NP has failed. It was suggested; why ask the public whether they wish to vote on the existing plan or not. This comment was given further consideration as the discussion developed later in the meeting.	
4.2	There followed a detailed, page by page examination of the draft public consultation document. By the end of the meeting several changes to the draft document had been proposed. These were noted by the clerk who was instructed to forward copies of the amendments to all councillors. A further meeting will need to be held to approve the final draft before publishing.
